

The Back to School Project would like to thank the entire community for their continued support that made this year's events a huge success. 295 children received new clothing, shoes and backpacks and 296 children received free haircuts at the Cuts for Kids event to start the school-year off right. That is a lot of happy and confident kids going back to school, with their heads held high. You made all the difference in these children's school experience. Thank you very much!!
